

COVID-19 Response Plan

EFFECTIVE IMMEDIATELY:

The Offices of the Henry County Public Health will remain open at this time to assist in response to the COVID-19.

Our immunization clinics will remain open, but with additional safeguards in place. We will allow one family at a time in the building. There are instructions posted outside as to the procedure to follow. Clients will be asked to wait outside in their vehicles.

During this time, we know there are many unanswered questions and concerns. We are working closely with our local, state and federal partners to ensure the safety and well being of Henry County residents.

Please check <https://idph.iowa.gov/Emerging-Health-Issues/Novel-Coronavirus> for the most up to date information.

We are in this together. Please call 319-385-0779 if you have any questions.
